“Ms. Malow recently mediated a case in which I was involved and did an outstanding job in resolving a difficult case. Ms Malow was professional, well prepared and quickly understood all of the issues involved in the mediation. She also maintained a positive attitude throughout the mediation and had good communication skills, which allowed each side to understand all of the contentions and issues being asserted.

The particular mediation involved an automobile accident case with several plaintiffs and was relatively small in value. I have found that these cases are often the most difficult to successfully resolve in mediation, but Ms. Malow did a fine job of keeping the lines of communication open to allow a final resolution. I would certainly recommend her as mediator and would use her again on other cases involving our office." *Cullen Hammond, Attorney at Law, Cullen Hammond & Associates*

"Ms. Malow was well-versed in the facts which gave rise to our lawsuit, as well as the applicable law. These qualities helped to earn the respect of the lawyers, and perhaps more importantly, the respect of the parties. She also identified a reasonable value early in the process, which was critical to the success of the mediation. I recommend her without hesitation." *Charles J. Cole, Attorney at Law, Owen Gleaton Egan Jones & Sweeney, LLP*

“Ms. Malow recently mediated a case involving negligence where liability was admitted and the dispute was over the damages. The main issues were the extent of the injuries and the limitations resulting from the injuries. Ellen quickly grasped the key areas in contention. Her background in the areas of law was extremely helpful in bridging the gap between the parties. She was effective and I recommend her highly. *Ray S. Smith, III., Attorney at Law, Joyce, Thraser, Kaiser, Liss, LLC.*
